Grade XII Have Trip To Banff

Thirteen Grade XII students accompanied by their teachers, Miss Burwash and Mr. Gish, motored to Banff Saturday morning to spend the week-end, cars being supplied by Mr. Gish, Walter Stewart, and Harvey Clayton of Aldrie.

Arriving at Sun Dance Canyon, they had a late breakfast and from there went to Lake Minnewanka for a boat trip up the Lake on the launch. While at Minnewanka, they met Louise Robinson and Harold Mair who are working there.

Visits to the Museum and Fish Hatchery proved both interesting and instructive, while the climbing of Sulphur Mountain, a trip to Johnson's Canyon, boating, bathing and cycling provided varied entertainment.

Food for the crowd was taken along, the cooking being done at camp kitchens, and the out-door meals were thoroughly enjoyed. Accommodation for the night was secured at the Homestead Hotel.

They arrived home about midnight Sunday, tired and happy, all reporting having had a wonderful time.

"Reverse Party" Provides Plenty of Laughter

Those attending the "Reverse Party" held by the Native Sons and Daughters' Association last Thursday night had an hilarious evening. The girls, used to wearing slacks, did not create much sensation in boys' attire, but the boys dressed as charming debutantes were a "scream" — some of them made pretty fine looking girls at that. Mr. George Macdonald was adjudged the best dressed lady, and Miss Patricia Waterhouse won the prize for the man's outfit. Fred and Wayne Heywood and Tommy Arnott were costumed worthy of mention also.

The Misses Eileen Riddell, Edna Ableman, Mary Murdoch and Florence Cruickshank and Mr. Tunis Robinson were selected as the committee in charge of the next social evening.

Sports Day Today

Crossfield Sports Day is being held today under the auspices of the Board of Trade. It is a grand day for Sports, though the wind is getting pretty strong this afternoon. However, it may drive the mosquitoes off.

The celebration started off with a parade, with a good number of nicely decorated tricycles and bicycles.

As far as we can learn at time of writing, there is a good crowd and all events are progressing satisfactorily. Full details and list of prize winners will be contained in next week's paper.

A two-headed colt was born at the farm of Ira Johnston in the Mound district, west of Olds, recently. The animal, which was alive at birth but died shortly after, had two perfectly formed heads each with separate neck and mane.

Hon. Norman Rogers Killed In Plane Crash Monday, Near Newtonville, Ont.

When the Canadian Minister of Defense, Hon. Norman Rogers, went to England last month to consult with the British Government on Canada's share in the general Empire war effort he took off time to inspect various units of the Dominion's forces already overseas. He is here shown inspecting Royal Canadian Air Force officers at their station "somewhere in the west of England."

Anglicans To Picnic At Bowness Park

A congregational picnic is being arranged by the Anglican Church for next Wednesday, June 19, at Bowness Park. Provided cars are available and weather is fine. The Senior Class of boys are in charge of securing cars which will leave the church at 2:00 p.m.

The 44th annual convention of the Western Stock Growers' Association opened in Calgary this morning and will continue through out Friday.

Alberta druggists in convention at Edmonton this week, voted that their Association donate \$2,000, to the Dominion government for war purposes.

In an effort to conserve bird life, the City Council of Red Deer have approved a bylaw to bell all cats in that city. When the bylaw goes into effect, all cats not wearing a bell will be destroyed.

The four-year-old son of Mr. and Mrs. Reinhold Streiber, of Pipestone stone district near Wetaskiwin, died Monday evening half an hour after eating gopher poison. The child got hold of a piece of bread spread with the poison for catching mice.

First Edmonton man to suffer wounds on active service is Dr. Vance Macdonald, lieutenant in the British Royal Medical Corps. He was hit by shrapnel, presumably in the battle of Flanders. He has been on the western front since December last.

Alberta has received only \$376,347, in war orders out of a \$103,000,000, granted to date. It was revealed this week. The information was tabled in the Ottawa House in reply to a question by E. G. Hansell, (N.D.) Macleod. It is understood that the major part of these orders have been for food supplies. Some blankets have been bought.

Father's Day, June 16

"FATHER"

Who stands foremost in life's strain and strife.

And wands off its worst knocks for you? Who sacrifices his own cherished dreams

That you might to success win through?

Father, with hair fast greying;

Father, with eyes grown dim;

For your happiness and welfare,

There's nothing too great for him.

Who shoulders life's heaviest burdens

To spare you a cumbersome load?

Who's always ready and willing

To lend a hand o'er life's hard road,

To save you from disappointment

There's nowhere that Father wouldn't go.

And what is a Father's recompense

For all his worry and tears for you

Throughout those years?

Oh, not disgrace and not sorrow—

Could you bring him honor and joy

'Twill make all his labor worth the striving.

That pride in his girl and his boy.

Takes High Post

Lieut. Gen. H. H. Haining—who has been appointed vice-chief of the Imperial General Staff as part of the changes announced in the British High Command. General Haining has served as commander of the British Forces in Palestine and has had a brilliant military career.

New School To Be Built

At a recent meeting held by the School Trustees. It was decided to build the additional new school to give accommodation for the increase of High School students and also further facilities in connection with high school studies. Immediate steps are being taken to proceed with the erection of the building.

With the increased expenditure and lower assessment of farm lands the mill rate has been set at 14 mills for both the Village and District.

A communication from Mrs. Emery, giving notice of her resignation, was received with regret by the Trustees as Mrs. Emery has been a valued teacher of the school during the past eight years.

A communication was also received from the students of Room 3 thanking the trustees for granting them permission to take the Educational Trip to Calgary under the supervision of their teacher.

Response "Marvellous"

Says Red Cross Convener

Toronto, June 10.—A steady flow of new supplies is going overseas as a result of the Canadian Red Cross Society's recent appeal to women throughout the country to increase their activities, Mrs. Wallace Campbell, national chairman of the Women's War Work Committee, announced yesterday.

"The response has been marvellous," she said. "Our enormous stocks of hospital supplies have been made available to the British and French Red Cross without stint. The conflict now raging makes our fullest co-operation and generosity not only necessary, but imperative."

"Articles are going out in thousands to relieve the urgent calls," Mrs. Campbell continued. "The appalling losses of British and French Red Cross supplies, as well as the terrific number of sick and injured refugees and the wounded of our Allied forces, make replacements of our stocks in our warehouses in England a pressing responsibility."

Mrs. Campbell advised women to "be patient". This war and its demands made an equal call upon everyone, she said.

"Remember," she continued, "there are many things greatly needed by the Red Cross of the Allies that we women cannot make with our hands. Provision must be made for these."

"Let the true spirit of service prevail. Do the job nearest at hand, grateful for the privilege of serving our Empire from the present safety of Canada and pray that our small effort may contribute to the alleviation of the horrible sufferings of our own people and our Allies."

"It is as necessary now as it was when we began our work to make every article as perfect as possible. There must be no slackening in the quality of work."

Look at the label on your paper. It tells when your subscription is paid up to.

LOCALS

Mrs. N. G. Tweedle was a Calgary visitor for a day or two this week.

The old B. A. oil warehouses were torn down this week and a new warehouse is being built at Bill's Service and Auto Court.

Mr. and Mrs. I. G. Dawson are holidaying at Ponoka and Edmonton.

Members of Maccabee lodges from Calgary and Carstairs visited Crossfield on Tuesday evening when a Maccabee Lodge was formed.

Mr. and Mrs. M. N. Jones are attending the 40th wedding anniversary of Mr. and Mrs. R. Huber, west of Carstairs, today. About 80 guests are expected to be present. Mrs. Huber is an aunt of Mr. Jones.

The Postoffice advises that the Saturday afternoon delivery of letters in Calgary has been discontinued, but urgent mail with an extra 10c stamp will be delivered direct to addressee as soon as the train arrives in Calgary.

In spite of rainy weather which curtailed attendance, the J. W. A. Tea last Friday afternoon proved successful. The Superintendent, Mrs. A. D. Currie and her Juniors wish to thank those who supported the Tea and also Mr. and Mrs. Reeves for the use of their home.

Canadian Legion To Hold Picnic

A picnic and get-together will be held under the auspices of the Crossfield Branch of the Canadian Legion of the British Empire Service League, at the home and grounds of Comrade Clint Thompson on Saturday afternoon, June 22, weather permitting. All ex-service men with their families and friends are welcome. Ladies please bring basket lunch.

Silver Bullets

Mr. Lloyd George, in the Great War, spoke of "silver bullets".

He was thinking of savings of the people, of the money they could give to provide food and guns and shells for the Allied armies.

Canadians today, in all ranks and walks of life, and of all ages, get the opportunity to provide "silver bullets". It comes through War Savings Certificates.

Under this War Savings Certificates plan—described in Government advertising—a five dollar certificate may be purchased for four dollars; a ten dollar certificate for eight dollars; a twenty-five dollar certificate for twenty dollars; a fifty dollar certificate for forty dollars; a one hundred dollar certificate for eighty dollars. A gilt edge security, and with provisions for redemption before the date of maturity (they mature in 7 1/2 years) they are an admirable investment: simple, safe, profitable, fitting the smallest of budgets.

But the real argument for War Savings Certificates is the opportunity they afford to war service. In the Great War we spoke of people "doing their bit". Here, now all of us are given a chance to do "our bit". People of small incomes artisans, people too old for active war duties, even children—all can strike a blow in this struggle by investing in these securities.

Our Government needs money, needs it desperately. Only by money, by what it can raise in taxes, by loans, and by these War Savings Certificates, can it help win the war. Therefore, if we believe the things we profess, if we are sincerely anxious to strike a blow for freedom, if we want, in short, to save Canada from a "night of barbarism" of which Mr. Churchill has spoken so solemnly, we must—all of us who can—buy these certificates.

In Britain they are giving of their last farthing to help win this war. In Nazi Germany they are giving everything—they are having everything

Rolling to Safety

Apart from showing the great havoc caused by Nazi bombers in Belgium's great cultural centre, Louvain, this picture is a gripping study of how the sick were transported to safety when the invaders struck. Two younger and more fortunate men are using a push-cart to carry their friend from the danger zone. Louvain knows war—it was devastated in 1914.

taken from them, including their liberty—to win this war. Are we capable of less? Are we of weaker fibre?

After all, a good investment—good interest on and security for our savings—is a small thing to be asked in this crisis. Small, pitifully small, in comparison to what we ask of those who go to fight and die for us. At this hour, there is a poem which should have a poignant appeal to us:

"What have I given, bold sailor of the sea
On Earth, or Heaven, that you should
die for me?"

What can I give, Oh soldier dead and brave
Long as I live, to pay the life you gave?

What title or part can I return to thee,
Oh! Stricken heart, that thou
should'st break for me?

The Wind of Death for you hath slain
life's flowers.

It withered, God grant, all weeds in ours."

The colonel's wife sent the following note to Captain Brown: "Colonel and Mrs. Green request the pleasure of Captain Brown's company to dinner on the 20th."

Captain Brown's reply gave the lady quite a shock. It read:

"With the exception of two men on the sick list, Captain Brown's company have great pleasure in accepting your kind invitation."

Worshipper: "I was given to understand you had a mixed choir here, but I noticed they were all males."

Curate: "Nevertheless it's mixed. Some of them can sing, and some of them can't."

The explorer approached the savage chief.

"I have come to you from beyond the sunset—from the Great White King," he said.

"Tell me," replied the savage chief, "are they gonna do anything about these radio programs?"

"What would your wife say if you bought a new car?"

"Look out for that traffic light! Be careful now! Don't hit that truck. Why don't you watch where you're going? Will you never learn? And a lot more like that."

What Makes Alberta

Greater use of Alberta coal was urged by E. A. McBain before the convention of Canadian Retail Coal Association. "If properly controlled," said the speaker, "high-grade Alberta domestic coals will give at least heat value for your dollar, at present prices, as any anthracite." Mr McBain told the retailers that if Ontario bought all of its domestic coal from Alberta, it would help employ 10,000 miners now idle half the year. "Ontario needs Alberta coal," he said, "for its own comfort and to conserve Canadian money."

ANNOUNCEMENT

I wish to announce to all our customers and friends that after three years of LOAFING, FISHING and playing "PAPPY BROADFOOT" (of funny paper fame), I am now back on the job at the same old stand, and will be glad to welcome you, one and all, any time you care to drop around.

At present we are building our new sheds on Main Street and, while we may be somewhat disorganized for a short time, we can promise you much more efficient SERVICE, and COURTEOUS treatment at all times, once we get into step again.

To all of you who have conveyed to me your congratulations and good will, I can only say a sincere "Thank you"—I am deeply grateful—and I hope to be able to continue to serve you faithfully for many years to come.

Household Hints

They tell us that bread is the staff of life. All right! This week we'll hoist our prize flag on the staff and give you orange bread as the winning recipe. If you would like to present your guests with bread that is different; that goes like wildfire; and that deluges you with "won't you give me the recipe" serve the following:

Orange Bread (makes 1 loaf)

1 yeast cake
1 tablespoon sugar
1 cup orange juice, heated to lukewarm
Let stand a few minutes. Add:
1 teaspoon salt
1 tablespoon butter
1-3 cup sugar
1 teaspoon grated orange peel
3 cups flour
Beat well. Let rise until doubled in bulk. On board put:
1-2 cup flour Knead this in with: 1-2 cup finely cut candied orange peel.
Shape into a loaf. Let rise until light. Bake in a moderate oven for 30 to 40 minutes.

When preparing gelatin desserts, if leftover fruit juice is used instead of water the desserts will be more flavorful.

To make fancy molds of gelatin with several layers of different colors and flavors, see that one layer is thoroughly stiff before adding the next.

To remove shells easily from hard boiled eggs, plunge the eggs into cold water as soon as they are cooked.

Orange and tomato juice lose much of their vitamin value after they have been exposed to the air for several hours. Consequently it is a good plan to prepare them just before serving. Buy tomato juice in six-ounce which hold an amount that will be quickly consumed after they are opened.

To make spinach more attractive combine it with minced cooked beets and chopped hard boiled eggs. Season with salt, pepper, butter and vinegar, or serve with salad dressing.

The World of Wheat

By H. G. L. Strange

Hitler's invasion and occupation of several countries has deprived Canada and other wheat exporting areas of valuable wheat markets. Some people however, have jumped to the conclusion because of this, that apart from Great Britain Canada has hardly any wheat markets now left.

A study of the Board of Grain Commissioners' official report for the last crop year, reveals that Canada exported approximately 160 million bushels of wheat to forty-nine different countries of the world. By the action of Germany, Canada has now lost the wheat and flour markets of six these countries, which six last year took between them just over thirty-one million bushels of Canadian wheat, but Canada still retains the markets of six of these countries, which six last year took between them just over thirty-one million bushels of Canadian wheat, but Canada still retains the markets of forty-two different countries, in addition to Great Britain and Ireland, and these forty-two countries last year took from Canada total of thirty-seven million bushels of wheat.

There are, I believe, good reasons too, for expecting that these forty-two markets, and Great Britain herself, will take, during this coming year, considerably more wheat and flour from us than they did last year. It can be said, therefore that Canada has many overseas wheat markets still available to her.

Following factors have tended to raise price: Britain recently purchased fifty million bushels of Canadian wheat—Crops in north-western France have been seriously damaged by military operations—A serious grasshopper infestation is reported in south-western Saskatchewan—Indications of severe rust epidemic is reported in U. S. winter wheat belt.

Following factors have tended to lower price: An improvement is shown in latest moisture reports for Western Canada—German army commences huge offensive in France—Conditions in U. S. spring wheat belt are excellent—Further beneficial rains received in U. S. winter wheat belt—Planting of corn in the Balkans has made good progress.

Works Long Hours

Prime Minister Churchill starts work every day shortly after 7:30 o'clock and usually works on until 1:30 the following morning.

Save The Tea

Britain's new food minister, Lord Woolton, asks housewives to forego that extra "teaspoonful (of tea) for the pot", because it is equal to sixty shiploads a year, and those 60 ships could be carrying munitions.

Child Welfare

Agreement for fullest co-operation in receiving and placing thousands of refugee and British children has been reached by the Dominion, the Provincial, Child Welfare and other organizations. Announcement to this effect was made recently by Hon T. A. Crerar. The British and French Governments have yet to agree to the immigration.

Grain Exchange

Winnipeg grain exchange will remain open at least until next July 31, Trade Minister J. A. MacKinnon announced recently. Mr MacKinnon also revealed that the Canadian wheat board has sold 50,000,000 bushels of wheat to the British buying agency. The sale was for cash at a figure considerably above the market price.

They Mean Business

Clement Attlee Arthur Greenwood

To conscript all life, wealth and property to beat back the German menace across the English Channel, Mr. Attlee, Lord Privy Seal, acting for Prime Minister Churchill, introduced an emergency bill in the House of Commons conferring dictatorial powers upon the Government. At the same time formation of a Greenwood, Minister without portfolio, as chairman. The measure was rushed through and given Royal assent making it effective immediately. This picture shows Mr. Attlee, left, and Mr. Greenwood as they left the Admiralty a few days ago after conferring with the Prime Minister.

1940 SCHOOL FAIR

Although it is not anticipated that donations will be as easy to get as in former years, the Directors of the Crossfield District School Fair have decided to carry on if at all possible, but pupils may as well be prepared for some little out in prices. By strict economy in the matter of repairs to the permanent fixtures and in the running of the fair, and with the help of a few generous supporters, we should still be able to stage a fair well up to average. Pupils should bear in mind that the knowledge gained by doing the work called for in the exhibits for the fair will stay with them long after the price money is spent and forgotten.

For the benefit of those interested, it should be noted that this fair will, as usual, add to the livestock classes the following, not listed in the 1940 Bulletin:— Beef heifer or steer, separate classes for Pure bred, Grade, and Faid fed; Dairy heifer, Pure bred and Grade; all animals to have been born during the current year.

It is expected that there will be large entries in the new Manual Training classes of Models, Fretwork, Baskets, and articles made from tin cans, so pupils should get busy with these during the holidays. One or two new schools are expected to be with us this year, so there will be lots of competition.

Any one who would care to make

a donation to help keep this very worth while project going, can be assured that it will be most gratefully received, no matter how small. Teachers, pupils or parents can get any information they may require by getting in touch with the secretary, Harry May.

Canadian Red Cross Society

The Alberta Divisional Headquarters has shipped for transfer to Great Britain 371 cases of war and relief supplies since February 1st. The last shipment of 33 cases went out June 10th, containing 9,795 articles of war supplies and 317 articles for Finnish relief.

The grand totals at the present time are:

118,761 articles of war supplies.

1,779 articles for Finnish Relief.

1,910 articles for Polish Relief.

A shipment of Surgical Dressings also was shipped on June 7th including 32 cartons containing 41,805 articles. This makes a total of 117,729 surgical dressings shipped to date.

We also shipped 173 blankets for refugees.

All these articles were made or donated by voluntary workers, were sent in to the Alberta Division by its local Branches, and have been packed and sent Overseas by Divisional Headquarters.

Church Necessary

The church will be needed every hour of war time and two hundred fold when the war is over, declared Rev. W. E. Smalley of Edmonton, secretary of the Baptist Union of Canada, at their church convention "Loyalty to Christ and a militant Christianity are essential", said Mr. Smalley.

The School Board at Coleman has passed a resolution that each morning teachers and pupils alike shall sing "O Canada" and salute the flag.

Outlawing of 15 organizations by Parliament under the Defense of Canada regulations will affect several branches of the now illegal bodies in Edmonton. The communist league, young communist league, Canadian labor defense league, for peace and democracy, Ukrainian Labor Farm Temple association, and among them, it has been pointed out, none of the outlawed organizations can claim to be founded on any creed or philosophy which had its genesis in British lands.

"My worst sin" she sighed, "is vanity. I spend hours every day admiring my beauty."
"That's not vanity," her friend replied. "That's imagination."

This Time They Returned Safely

Here are seen the crew of the British Submarine Seal on board their craft after a safe arrival back at an English port, following "successful operations at sea." Unfortunately it was, apparently, their last call at a "home port" for the Admiralty has since listed the craft as lost, May 12, presumably during operations off the Norwegian coast or in the Skagerrak.
